ANNEXURE-I**Railway Board's Direction for Hiring Of Helicopter/Aeroplane/Road Vehicles for Rescue Operation****Government of India (Bharat Sarkar) Ministry of Railways (Rail Mantralaya) (Railway Board)****NO. 2002/Safety-1/6/6****New Delhi, date: 13.06.2004****General Managers, All Indian Railways.****Sub: Empowering Zonal Railways to requisition helicopter / aeroplane at the time of severe accident.****Ref: Board's letter No. 86/Safety-1/24/47 Dt.13.03.87 & 19.07.89.**

Zonal Railways have been delegated power to requisition helicopter/aero plane for expeditious action in the event of serious accident vide railway Board's letter reference. The subject matter has been reviewed by the Board and the following revised powers are delegated to the Zonal Railways.

GMs/DRMs have been delegated the powers to requisition helicopter/aero plane to reach the site of serious accident for rescue operation expeditiously. In addition, powers are also delegated to requisition air support to dispatch the rescue teams to the site of the accident.

It is difficult to stipulate exactly the circumstances under which they may exercise these powers. It has been decided to leave this to the discretion of GMs/DRMs. However, broadly these may cover the following type of cases:

Where more than 10 casualties (death-cum-serious injuries) are feared and it is difficult for these officers to reach the site within reasonable time.

Where heavy damage is caused to railway installations in sensitive and tension filled areas (e.g. wreckage of track, bridges, etc. through bomb blast, other means of sabotage, etc.).

Where public reaction in case of late arrival of senior officers at site is likely to be highly adverse.

Normally, in case of an accident only one helicopter should be requisitioned by a Zonal railway, except when there is a serious passenger train accident involving several casualties when it is essential for both the general Manager and the Divisional Railway Manager to reach the site at once to satisfy the public and the press. However, for dispatching the rescue teams to the site of the accident, separate helicopter/ aeroplane may be requisitioned, if so needed.

The GMs/DRMs may exercise the above powers personally and may not delegate these powers.

Zonal Railways are further empowered to requisition helicopter/ aeroplane to evacuate injured and dead in the event of serious accident. GMs may personally exercise these powers and may not delegate these further.

The above instructions on the subject supersede all the previous instructions issued vide above referred letters.

This issues with the concurrence of the Finance Directorate of the Ministry of Railways.

Director, Safety III.  
(Railway Board)

These powers are left to the discretion of GM. The circumstances under which GM exercise these powers, broadly cover the following types of cases:</p> <p>(i) Where more than 10 casualties (death-cum-serious injuries) are feared and it is difficult for these officers to reach the site within reasonable time.</p> <p>(ii) Where heavy damage is caused to Railway installations in sensitive and tension filled areas (e.g. wreckage of track, bridges etc. through bomb blast, other means of sabotage, etc.)</p> <p>(iii) Where public reaction in case of late arrival of senior officers at site is likely to be highly adverse.</p> <p>(iv) Normally, in case of an accident, only one helicopter should be requisitioned by a Zonal Railway, except when there is a serious passenger train accident involving several casualties when it is essential for both the General Manager and the Divisional Railway Manager to reach the site at once to satisfy the public and the Press. However, for dispatching the rescue teams to the site of the accident, separate helicopter/ airplane may be requisitioned, if so needed.</p> <p><i>Authority:</i></p> <p>2.
