INTRODUCTION

It is a pleasure to present the Annual Administrative Report for the year 2007-2008. Gujarat Institute of Disaster Management is a Research and Training wing of Gujarat State Disaster Management Authority, Gandhinagar. The Institute was established with a prime objective of increasing capacity of the community and stakeholders through promoting training and awareness to deal with potential disasters.

Gujarat Institute of Disaster Management

The Gujarat Institute of Disaster Management was established as a training & research wing of Gujarat State Disaster Management Authority (GSDMA) on 26th January 2004 by the Government of Gujarat with the aim of Human Resource Development in the state. With state of the art facilities, the main thrust of the institute is to provide proper insight, knowledge and skills to stakeholders at various levels in the state, so that they can accomplish appropriate disaster management tasks.

Background

Soon after the devastating earthquake of January 26, 201, the Government of Gujarat immediately constituted the Gujarat State Disaster Management Authority (GSDMA) to effectively manage the frequently occurring disasters. GSDMA's immediate mandate was to undertake a massive 'Gujarat Earthquake Reconstruction Programme (GERP)' with a long term objective of making concentrated efforts on disaster preparedness and mitigation.

In order to prepare the state for long term disaster mitigation and prevention, the state government, at that time, had taken a conscious decision to set up within the state a state level institute for disaster management and mitigation. Also as per section 14 (a) of the GSDMA Act, 2003; GSDMA as the nodal agency in the state for disaster management was mandated to establish such an institute. This institute was established on 26 January 2004 by the Government of Gujarat and was named the Gujarat Institute of Disaster Management.

Mission

Make available to all stakeholders the knowledge and skills required to develop their individual competencies, gain appropriate understanding and accomplish appropriate disaster management tasks, while establishing and strengthening overall disaster management institutional capacities at the state level and below.

Aim

GIDM will be a state of the art, premier, institute for training, education and research related to disaster management within the state of Gujarat and will also serve as a model for the rest of India.

On priority basis, GIDM will focus upon enriching the capacities (in specific areas of prevention, mitigation, preparedness, relief, recovery, rehabilitation, reconstruction and sustainable development) of the officials and other functionaries of the state and district administration for response to emergencies and in the longer run, it will take up similar capacity building for other stakeholders in the country.

Objectives

- To serve as the apex institute in the state for disaster management.
- To provide disaster management training to all the stakeholders.
- To undertake activities for Human Resource Development, public education and community awareness in disaster management.

- To undertake quality research projects on disaster management.
- To act as a Resource Centre and clearing house of information on disaster management by documentation of field experiences including case studies, lessons learnt and best practices.
- To facilitate partnerships with eminent national & international organizations, universities, institutions, bodies & individuals specialized in Disaster Management.
- To serve as a centre of excellence on Earthquake Mitigation and Management.

GIDM Campus

The GIDM campus will be located on a land area of nearly 51,000 sq. mt. in the Raisan village near Koba circle in Gandhinagar district. The campus will have an administrative block, video-conferencing and computer laboratory, library, multi-purpose hall, display area, hostel blocks with sport complex and dining & club area, technology development centre, Emergency Resource Centre (ERC) and training area structures. Total expected build up area would be 13340 sq. mt.

Financial Details

The GIDM received assistance and grant from Ministry of Home Affairs, Government of India and state government to carry out its activities. State government has the provision of Rs. 10 lac for disaster management programmes. The details of grant received from GOI and expenditure incurred is mentioned below:

<i>Rs. In Lacs</i>					
Year	Opening Balance	Grant Received	Funds utilized	Closing Balance	Remarks
2007 – 08	1.28	6.68	12.92	-4.96	Funds utilized on account of expenditure on faculties and imparting training to government officials of the state.
