whether verbally or in documentary or any other form by or on behalf of GSDMA (as defined in below) or any of its employees or advisers, is provided to Bidders on the terms and conditions set out in this RFP and such other terms and conditions subject to which such information is provided.

This RFP is not an agreement and is neither an offer nor invitation by GSDMA to the prospective Bidders or any other person. The purpose of this RFP is to provide interested parties with information that may be useful to them in the formulation of their Bids pursuant to this RFP. This RFP includes statements, which reflect various assumptions and assessments arrived at by GSDMA in relation to the Project. Such assumptions, assessments and statements do not purport to contain all the information that each Bidder may require. This RFP may not be appropriate for all persons, and it is not possible for GSDMA, its employees or advisers to consider the objectives, technical expertise and particular needs of each party who reads or uses this RFP. The assumptions, assessments, statements and information contained in this RFP, may not be complete, accurate, adequate or correct. Each Bidder should, therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments and information contained in this RFP and obtain independent advice from appropriate sources.

Information provided in this RFP to the Bidders is on a wide range of matters, some of which depends on the issue of interpretation of law. The information given is not an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. GSDMA accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on the law expressed herein.

GSDMA, its employees and advisers make no representation or warranty and shall have no liability to any person including any Bidder under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this RFP or otherwise, including the accuracy, adequacy, correctness, reliability or completeness of the RFP and any assessment, assumption, statement or information contained therein or deemed to form part of this RFP or arising in any way in this Bidding Process.

GSDMA also accepts no liability of any nature whether resulting from negligence or otherwise however caused arising from reliance of any Bidder upon the statements contained in this RFP.

GSDMA may in its absolute discretion, but without being under any obligation to do so, update, amend or supplement the information, assessment or assumption contained in this RFP.

The issue of this RFP does not imply that GSDMA is bound to select a Bidder or to appoint the Selected Bidder, as the case may be, for the Project and GSDMA reserves the right to reject all or any of the Bids without assigning any reasons whatsoever.

The Bidder shall bear all costs associated with or relating to the preparation and submission of its Bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by GSDMA or any other costs incurred in connection with or relating to its Bid. All such costs and expenses will remain with the Bidder and GSDMA shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by a Bidder in preparation for submission of the Bid, regardless of the conduct or outcome of the Bidding Process.

- a. The Designated Officer/(s) of GSDMA will open each Price Bid on the date and time mentioned in the Tender or on extended date and take print out of total amount quoted in the Tender along with rate quoted for each part of Bid Schedule and the conditions if any put forth by the Bidder. The Bidder can see his Price Bid as well as other Bidders’ entire Price Bid who have participated in the e-Tender. The **Schedule – B (Price Bid)** will be accessible

upto 24 hours from the date and time of Tender opening for security reasons. For future reference, Bidders are requested to save or take print out of the same data.

- b. The Price Bids will be opened ONLINE, irrespective of the presence of the Bidder.

14. Tender Offer Validity Period

- 13.1 The Tender offer for the work shall be valid for a period not less than **One Hundred Eighty (180) days** from the date of opening of the Technical Bid. The same may be extended by the Bidder for a further period of **One Hundred Eighty (180) days**, if required by GSDMA. The bidder shall not be allowed to withdraw or modify the offer on his own during this period. If any bidder withdraws or make any modification or additions in the terms and conditions and tender validity period of his tender offer is not acceptable to the GSDMA, then the GSDMA shall without prejudice to any right or remedy, be at liberty to forfeit in full, the said EMD absolutely.
- 13.2 In exceptional circumstances, GSDMA may solicit the Bidder's consent for an extension of the period of validity of the Tender offer by a **period not exceeding another One Hundred Twenty (120) days**.
- 13.3 The request and response shall be made in writing or by tele-fax and email. If a Bidder accepts to extend the period of validity, the validity of EMD shall also be extended according to provision of **Para 6 of Section-I**. In case of refusal by Bidder for extension of validity period his EMD shall be returned. Any Bidder granting the request of extension of offer validity period will not be permitted to modify his / their Bid.

15. Evaluation of Tender & Technical Scrutiny of the Sample

- 15.1. Technical evaluation will be made based on Criteria fixed in **Para 10 of Section-I** and the documents submitted as per the **Schedule - A (Technical Bid)**.
- 15.2. The technical scrutiny of the items will be carried out by a committee of experts nominated by the Chief Executive Officer, GSDMA which may also include demonstration / sample testing and the report of the scrutiny committee shall be final and binding upon the bidder. In case there is a discrepancy in the claim made by the bidder and the specifications shown in the product literature / circuit diagram / photograph, reliance will be placed on the specifications shown in the product literature / circuit diagram photograph, ignoring the claim of the bidder. Any change or alteration in the product literature / circuit diagram/ photograph must be authenticated by the manufacturer and an affidavit from the manufacturer for supplying the item as altered or changed should also be submitted failing which such changes / alterations will be ignored.
- 15.3. If it is found, at any later stage that Bidder has hidden any material detail or given false details the Bidder shall be disqualified and his EMD shall be forfeited and he will be debarred from bidding future tenders of GSDMA.
- 15.4. Bidders will be qualified based on the Technical evaluation as per Para 15.1 above. A list of qualified Bidders shall be prepared. The **Schedule – B (Price Bid)** of only qualified Bidders shall be opened and evaluated.
- 15.5. To assist in the examination, evaluation and comparison of Tenders, the GSDMA may ask the bidders individually for clarification / explanation / documentary evidence of their tenders. The request for clarification and the response shall be in writing or tele-fax and through email communication but no changes in the price or substance of the tender shall be sought, offered or permitted. However any clarification / explanation or documentary evidence leads to implication on quoted price shall be considered only for placing the order but not for price evaluation

- 15.6. The Tenders will be verified for accuracy in numerical calculations. Any Tender with arithmetical mistake will be corrected on the basis of the quantities of work given in the tender form and the unit price quoted by the bidder.
- 15.7. A substantially evaluated responsive Bid is one which confirms to all the terms, conditions and specifications of the Bid Documents without material deviation or reservation. The material deviation or reservations is one
- which affects in any substantial way the scope, quality or performance of the works.
 - which limits in any substantial way inconsistent with bid documents, the GSDMA's right or the bidder's obligations to the contract or
 - whose rectification would affect unfairly the competitive position of other bidders presenting substantially responsive bids.
- 15.8. As per Government's prevailing purchase policy, a order / price preference shall be available to Gujarat based SSI / TINY / COTTAGE Industries registered for quoted items subject to providing required documents like respective registration certificate issued by concerned authority. For this purpose, a guide lines given by the Govt. of Gujarat, **Industries and Mines Dept., resolution No.SPO/1095/2636 (97)/CH dated 23/09/1997** amended from time to time will be followed. In such a case the decision of Purchase Committee shall be final and implemented forthwith.

16. Evaluation criteria

- 16.1. Award may be made to the bidder whose responsive tender is determined to be the lowest evaluated tender and who meets the appropriate standards of capacity and financial resources.**

 - (a) The goods / stores / material(s) are found sub-standard or in non-acceptable condition
 - (b) Breach of condition of any contract by the Supplier
 - (c) Previous Government dues of Supplier

8. Change Orders

8.1. GSDMA may at any time, by written order given to the Supplier pursuant to Clause 28, make changes within the scope of the Contract in any one or more of the following:

- (a) drawings, designs, or specifications, where goods / stores / material(s) to be furnished under the Contract are to be specifically manufactured for GSDMA;
- (b) the method of shipping or packing;
- (c) the place of delivery; and/or
- (d) the Services to be provided by the Supplier.

8.2. If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or delivery schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this clause must be asserted within thirty (30) days from the date of the Supplier's receipt of the GSDMA's change order.

9. Contract Amendments

Subject to Clause 8, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

10. Supplier's Drawings & Data Requirement

The Supplier shall submit drawings, data and documentation in accordance with (but not limited to) what is specified in the Purchase Requisition / Tender documents and / or Supplier's drawing and data form attached to the Purchase Order, within thirty (30) days of the Purchase Order. The types, quantities and time limits for submitting these must be respected by the Supplier and the goods / stores / material(s) shall be deemed not to have been delivered for all purposes (including payment) until completion of the said submissions to the satisfaction of GSDMA.

11. Sub-Contracts

11.1. The Supplier shall not assign the Contract in whole or part without obtaining the prior written consent of GSDMA.

11.2. The Supplier shall, notwithstanding the consent and assignment, remain jointly and severally liable and responsible to GSDMA together with the assignee, for and in respect of the due performance of the Contract and the Supplier's obligations there under.

- 12.3. The Project Management Consultants shall have free access to the Supplier's shop and sub-suppliers' shop during normal working hours and shall be provided all the necessary assistance and information to help him perform his job.

13. Respect for Delivery Dates & Price Discount

- 13.1. The time and date of delivery of goods / stores / material(s) as stipulated in the Contract shall be adhered to on the clear understanding that the price(s) of the goods / stores / material(s) has / have been fixed with reference to the said delivery date(s).
- 13.2. If any delay is anticipated by the Supplier in the delivery of the goods / stores / material(s) or any of them beyond the stipulated date(s) of delivery, the Supplier shall forthwith inform GSDMA in writing of such anticipated delay and of the steps being taken by the Supplier to remove or reduce the anticipated delay, and shall promptly keep GSDMA informed of all subsequent developments.
- 13.3. If any goods / stores / material(s) is / are not delivered within the delivery date(s) stipulated in respect thereof, **an amount equivalent to 0.5% (subject to maximum of 10%)** of the value of the contract not supplied / installed within the stipulated period per week shall be recovered as liquidated damages unless the penalty is waived by the CEO, GSDMA. Such recovery of the liquidated damages will not stop the CEO, GSDMA from carrying out risk purchase described elsewhere and the amount recovered will be in addition to the difference of the risk purchase. Once the maximum is reached, the Purchaser may terminate the contract pursuant **to clause 23**.
- 13.4. Without prejudice to its rights under Clause 13.3 hereof and to entitlement to discount(s) accrued in terms thereof and in addition thereto, GSDMA may at any time after the expiry of the stipulated date(s) of delivery in respect of any goods / stores / material(s), at its discretion terminate in whole or part the Contract in respect of the undelivered goods / stores / material(s) or any of them and either purchase such goods / stores / material(s) from any other available source at the risks and costs of the Supplier and recover from the Supplier any additional cost incurred by it on such purchase or recover from the Supplier without such purchase the difference between the market and contract price of such goods / stores / material(s) on the date of termination of Contract relative thereto.

14. Delays Due to Force Majeure

- 14.1. If a Force Majeure event as defined below, affecting the Supplier, arises prior to the expiry of the stipulated Delivery period in respect of any goods / stores / material(s) and the Supplier intends to claim extension of the stipulated date of delivery in respect of such goods / stores / material(s) or any of them, the Supplier must advise GSDMA by notice in writing of such event by means of communication which secures undisputed service of the notice not later than 10 (ten) days of the occurrence of the event. Such occurrence shall be duly certified by a local Chamber of Commerce or statutory authority. The Supplier shall within 10 (ten) days of the end of the Force Majeure event similarly notify GSDMA of such cessation, and of the period and goods / stores / material(s) for which an extension of delivery date(s) is consequently claimed. Such notification shall be a mandatory pre-condition to a claim for such extension.
- 14.2. Events of Force Majeure shall mean:
- (a) natural calamities, civil wars and national strikes which have a duration of more than seven consecutive working days; and
 - (b) strike at Supplier's works for more than ten (10) consecutive days.
- 14.3. Commercial hardship and third party breach, strike, shutdown or lockout other than as specified in Clause 14.2 hereof shall not constitute an event of Force Majeure.
- 14.4. The parties affected by Force Majeure shall use all reasonable efforts to prevent and reduce to a minimum and mitigate the effect of delays occasioned by such Force Majeure.
- 14.5. Subject to receipt of notices under Clause 14.1 above, the stipulated delivery date(s) may be extended by GSDMA. The decision of GSDMA on the Supplier's claim for extension of time and the time of extension and goods / stores / material(s) on which extension is given shall be final and binding on the Supplier. On the grant of such extension, the extended date shall be deemed to be the stipulated delivery date for the purpose of calculating price discount under Clause 13.3 hereinabove.
- 14.6. If the Supplier is prevented from fulfilling its contractual obligations for a continuous period of three (3) months because of Force Majeure, then the Supplier and GSDMA shall consult with each other with a view to agreeing on the action to be taken under the circumstances, and failing such agreement, GSDMA shall be entitled to terminate the contract in whole or to the extent that its performance is prevented by Force Majeure.

15. Warranty

- 15.1. The Supplier warrants that the goods / stores / material(s) sold and supplied by it to GSDMA pursuant to the Contract shall be free from any and all defects in title including but not limited to any charge, third party claim, mortgage, hypothecation, foreclosure, lien, restriction, injunction, attachment or encumbrance whatsoever and shall hold and keep GSDMA indemnified from and against any and all contrary claims, demands, actions and proceedings and all costs (including legal costs), charges, expenses and losses suffered or incurred by GSDMA as a consequence thereof and / or to defend any such claim, demand, action or proceeding.
- 15.2. The Supplier further warrants that the Goods shall be free from defects arising from any act or omission of the Supplier or arising from design, materials, and workmanship, under normal use in the conditions prevailing in the country of final destination.

- 15.3. The Supplier shall be understood to have represented to GSDMA that the use by GSDMA / Consignees of the goods / stores / material(s) supplied by the Supplier will not infringe any third party patent rights or pending patent applications or other intellectual property rights. Accordingly, the Supplier will hold harmless and indemnify GSDMA against all costs (including legal costs), charges and expenses incurred or any damages or other sums that may be assessed or become payable under any decree or judgment of any court or under any settlement resulting from any suit, claim or action for infringement of third party patents or other third party intellectual property.
- 15.4. The back-to-back warranty shall remain **valid for Twenty-Four (24) months** after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the tender document.
- 15.5. The Purchaser shall give notice to the Supplier stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The Purchaser shall afford all reasonable opportunity for the Supplier to inspect such
- 15.6. Upon receipt of such notice, the Supplier shall, within the period specified in the Technical Specifications, expeditiously repair or replace the defective Goods or parts thereof, at no cost to the Purchaser.
- 15.7. If having been notified, the Supplier fails to remedy the defect within the period the Purchaser may proceed to take within a reasonable period such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Purchaser may have against the Supplier under the Contract.

16. Inspection & Testing

- 16.1. **Inspection shall normally be carried out in the premises of the Supplier. The entire goods / stores / material(s) ordered shall have to be offered for inspection in open condition if required and the same shall be repacked in presence of Inspector(s). All packing should be sealed and signed by Inspector(s) and sent to the consignee without any extra cost within twenty one (21) days from the date of receipt of inspection note. Inspection charges, including the expenses for the experts, will be payable by the suppliers.**
- 16.2. **Sample Testing:** Sample of the goods / stores / material(s) shall be collected by Inspector(s) of any authorized representative of GSDMA in the manner approved by the CEO, GSDMA, and will be sent for testing to an approved laboratory / institution. Testing fee will be recovered from the supplier. The decision of the testing authority will be conclusive and final and binding on the supplier. **In all supplies, inspection & testing charges shall be payable by the Supplier.**
- 16.3. Even if the inspection and tests are fully carried out, the Supplier shall not be absolved from its responsibilities to ensure that the goods / stores / material(s), raw materials, components and other inputs are supplied strictly to conform and comply with all the requirements of the Contract at all stages, whether during manufacture and fabrication, or at the time of Delivery as on arrival at site and after its erection or start up or consumption. The inspections and tests are merely intended to prima facie satisfy GSDMA that the goods / stores / material(s) and the parts and components comply with the requirements of the Contract.

- 16.4. The Supplier's responsibility shall also not be anyway reduced or discharged because GSDMA or GSDMA's representative(s) or Inspector(s) shall have examined or commented on the Supplier's drawings or specifications or shall have witnessed the tests or required any chemical or physical or other tests or shall have stamped or approved or certified any goods / stores / material(s).
- 16.5. Unless otherwise specifically permitted by the Contract, no goods / stores / material(s) shall be dispatched for delivery or delivered under the Contract without being stamped or otherwise approved for delivery by the Inspector(s).
- 16.6. Notwithstanding approval by the Inspector(s), if on testing and / or inspection after receipt of the goods / stores / material(s) at destination of consignee, any goods / stores / material(s) is / are found not to be in strict conformity with the contractual requirements or specifications, GSDMA shall have the right to reject the same and hold the Supplier liable for non-performance of the Contract. The provision of Clause 17.3to 17.5 shall mutatis mutandis apply to such rejected goods / stores / material(s).

17. Acceptance of Goods / Stores / Material(s), Guarantees & Risk Purchase

- 17.1. The Supplier acknowledges that notwithstanding the provision or approval of any drawings, designs, specifications, source of supply or other data relative thereto by GSDMA and / or the testing of goods / stores / material(s) in accordance with the requirements of the Contract or any applicable code or specification and / or any inspection of the input or goods / stores / material(s) by the Inspector(s) or issue of an Inspection Certificate relative thereto and / or any other act, matter or thing done or required by GSDMA to satisfy itself of the quality, quantity, sufficiency or efficiency of the goods / stores / material(s) prior to delivery thereof and / or the transfer of title and / or risks in relation to the goods / stores / material(s), shall not be deemed or understood to constitute acceptance of the goods / stores / material(s) by GSDMA nor shall GSDMA be understood to have accepted any goods / stores / material(s) other than plant, machinery, equipment and parts and components unless such goods / stores / material(s) have been received by the Consignee and found to be acceptable as evidenced by a Certificate of Acceptance issued by Consignee, and in case of plant, machinery, equipment and parts and components, unless they have been tested and the relative plant, machine, equipment, part or component has successfully functioned without patent defect.
- 17.2. To this end, the Supplier guarantees that:
- (i) All goods / stores / material(s) used in the execution of the Contract and all goods / stores / material(s) used in performance thereof shall be in strict compliance and conformity to the characteristics, requirements and specifications of the Contract and suitable for the purpose for which such goods / stores / material(s) are intended to be used if such purpose has been disclosed or is/are suitable for use to which such goods / stores / material(s) are ordinarily put to use, if such purpose has not been disclosed.

- 17.3. In the case of machinery, plant or equipment with rated capacities, outputs or other characteristics, that the machinery, plant or equipment as the case may be, shall function to such capacities and/or outputs and shall meet the other characteristics required in respect thereof. The Supplier further undertakes to replace any goods / stores / material(s) if found not to conform to the guarantees aforesaid at any time during the period not less than 12 months from the date of delivery and / or installation. GSDMA shall give written notice of the defect to the Supplier and of the rejection of the defective goods / stores / material(s). The supplier shall be liable to replace the entire quantity of the relevant order within the period as decided by CEO, GSDMA or make full payment of the entire consignment against the particular invoice, irrespective of the fact that part or full quantity of the goods / stores / material(s) supplied, may have been consumed. The decision of the CEO, GSDMA taken on the basis of the report of the competent laboratory regarding goods / stores / material(s) not of standard quality will be final and binding. The stock of any item which has been declared not of standard quality shall be withdrawn from all the Consignees / Purchaser and will not be returned to the Supplier but will be destroyed by the organization and the contractor shall have no claim over such goods / stores / material(s). If the replacement or payment as specified is not made by the supplier, the procedure for risk purchase as shown in Clause 17.4 will be initiated without any further reference or intimation to the contractor, however, the CEO, GSDMA may ask for supply of 25% of the original consignment to meet any exigency of the situation. **Neither claim for relaxation of replacement for return of goods / stores / material(s) declared to be not of standard quality nor any request for acceptance of the**

replacement goods delayed after the delivery period, due to any reason whatsoever, will be entertained.

- 17.4. **Risk Purchase:** The risk purchase of the items ordered at the cost and risk of the supplier will be carried out when the supplier fails to:
- (a) Supply the goods / items / material(s) as per the orders placed by either GSDMA / Consignee within the delivery period;
 - (b) Replace the goods / item / material(s) declared to be not of standard quality or not conforming to acceptable standards or found to be decayed / infected / spoilt before the date of expiry or to refund the cost of such goods / item / material(s).

Provided however that in cases of (b) above, the risk purchase will be limited to the quantity so specified therein.

The Risk Purchase will be done at any time after the delivery period is over. The Risk Purchase will be done for undelivered quantity of the Stores & the Contractor shall be penalized to the extent of 10% or difference whichever is higher.

- 17.5. Whenever under this contract any sum of money is recoverable from the Supplier & payable by the contractor to the CEO, GSDMA, or an officer empowered by him, including the difference arising due to risk purchase, will be recovered in the following manner:
- (i) From any pending bills of the supplier;
 - (ii) From any EMD / SD of the supplier;

- (iii) If amounts at (i) & (ii) above are not sufficient then remaining balance due will be recovered as arrears of "LAND REVENUE DUES"

18. Weights & Measurements

- 18.1. The shipping documents, invoices, packing lists and all other relevant documents shall contain the same units of weights and measurements as given in the Contract Documents, in respect to the following data:
- (a) Unit net weight
 - (b) Unit gross weight (including packing)
 - (c) Dimensions of packing
- 18.2. All weights and measurements recorded by the **Project Management Consultants** or Inspector(s) on receipt of the goods / stores / material(s) at the consignee's destination will be treated as final.

19. Packing & Marking

- 19.1. All goods / stores / material(s) shall be suitably packed in weatherproof packing for rail and / or road or other appropriate transport within India. The Supplier shall ensure that the packing is per the technical specifications as provided in the Section IV of the Tender Document and is strong enough to ensure safety and preservation of the goods / stores / material(s) upto the consignee's destination or other point of final destination. The Supplier will be required to make separate packages for each Consignee.
- 19.2. For uniform goods / stores / material(s) when packed in several cases / crates, progressive serial numbers shall be indicated on each end.
- 19.3. All nozzle holes and openings as also all delicate surfaces shall be carefully protected against damage and bad weather. Flange faces of all nozzles shall be protected by blanks. All manufactured surfaces shall be painted with rust proof paint or as specified in the technical specifications.
- 19.4. All small pieces shall be packed in cases. All fragile and exposed parts will be packed with care and packages will bear the words "HANDLE WITH CARE" in English. Any other direction for handling shall also be clearly indicated on the package.
- 19.5. The Supplier shall be held liable for all damages or breakages to the goods / stores / material(s) due to defective or insufficient packing as well as for corrosion due to insufficient greasing / protection.
- 19.6. For every shipment, packages must be marked with serial progressive numbering. The numbering will be progressively continued for each subsequent shipment covering the Contract. All packages will bear warning signs on the outside denoting the center of gravity and sling marks. Top heavy containers will be marked either "TOP HEAVY" or "HEAVY ENDS".

20. Dispatch Instructions

Unless otherwise advised by GSDMA in writing, goods / stores / material(s) shall not be dispatched without prior inspection and / or testing and Release Order / Material(s) Acceptance Certificate issued by the Inspector(s).

21. Shipment & Shipment Notices

Upon delivery of the goods / stores / material(s), the supplier shall notify the purchaser and the insurance company by cable / telex / fax the full details of the shipment including contract number, railway receipt number and date, description of goods, quantity, name of the consignee etc. The supplier shall mail the following documents to the purchaser with a copy to the insurance company:

- (i) Three (3) Copies of the Supplier invoice showing the following details
 - (a) No. & Date of Bills or Invoice.
 - (b) No. & Date of Purchase Order.
 - (c) Name & Specification of Item.
 - (d) Name of Manufacturer & Model / Make / Brand
 - (e) Quantity
 - (f) Unit Price and
 - (g) Total cost
- (ii) Railway receipt / acknowledgment of receipt of goods from the consignee(s);
- (iii) Three (3) Copies of packing list identifying the contents of each package;
- (iv) Insurance Certificate;
- (v) Manufacturer's / Supplier's warranty certificate;
- (vi) Inspection Certificate issued by the Inspector(s), and the Supplier's factory inspection report; and
- (vii) Certificate of Origin.

The above documents shall be received by the Purchaser before arrival of the goods / stores / material(s) (except where the goods / stores / material(s) have been delivered directly to the Consignee with all documents) and, if not received, the Supplier will be responsible for any consequent expenses.

22. Insurance

- 22.1. The Goods supplied under the Contract shall be fully insured in Indian Rupees against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in Clause 22.2.
- 22.2. For delivery of goods / stores / material(s) at site, the insurance shall be obtained by the Supplier in an amount equal to 110% of the value of the goods from "warehouse to warehouse" (final destinations) on "All Risks" basis including War Risks and Strikes.
- 22.3. In the event of breakages or loss of stores during transit against purchase order the said quantity will have to be replaced by the supplier. The purchaser will not pay separately for transit insurance and the supplier will be responsible for the goods / stores / material(s) as soon as possible, but not later than 15 days from the date of arrival of stores at destinations notify the supplier of any loss or damages to the goods / stores / material(s) that might / should have occurred during the transit.

23. Termination

23.1. Without prejudice to GSDMA's right to price adjustment by way of discount or any other right or remedy available to GSDMA, GSDMA may terminate the Contract or any part thereof by a written notice to the Supplier, if:

- (i) The Supplier fails to comply with any material term of the Contract.
- (ii) The Supplier informs GSDMA of its inability to deliver the goods / stores / material(s) or any part thereof within the stipulated delivery period or such inability otherwise becomes apparent.
- (iii) The Supplier fails to deliver the goods / stores / material(s) or any part thereof within the stipulated delivery period and / or to replace / rectify any rejected or defective goods / stores / material(s) promptly.
- (iv) The Supplier becomes bankrupt or goes into liquidation.
- (v) The Supplier has misrepresented to GSDMA, acting on which misrepresentation GSDMA has placed the Purchase Order on the Supplier.
- (vi) The Supplier, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

For the purpose of this Clause:

"corrupt practice" means behavior on the part of officials in the public or private sectors by which they improperly and unlawfully enrich themselves and/or those close to them, or induce others to do so, by misusing the position in which they are placed, and it includes the offering, giving, receiving or soliciting of any thing of value to influence the action of any such official in the procurement process or in contract execution; and

"fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Employer, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Employer of the benefits of free and open competition.

23.2. Upon receipt of said termination notice, the Supplier shall discontinue the work on the Contract so far as terminated, and matters connected therewith.

23.3. On termination of the Contract, without prejudice to any other right or remedy available to GSDMA under the contract, in the event of GSDMA suffering any loss on account of delayed delivery or non-delivery, GSDMA reserves the right to claim and recover damages from the Supplier in respect thereof.

23.4. Notwithstanding anything to the contrary herein contained, GSDMA will be at liberty to take independent administrative and / or legal action against the Supplier for delay or non-performance of its contractual obligations or any of them.

24. Technical Information / Confidentiality

24.1. The Supplier shall not, without the GSDMA's prior written consent, disclose the Contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the GSDMA in connection therewith, to any person other than a person employed by the Supplier in performance of the Contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.

- 24.2. The Supplier shall not, without the GSDMA's prior written consent, make use of any document or information enumerated in Clause 24.1 except for purposes of performing the Contract.
- 24.3. Any document, other than the Contract itself, enumerated in Clause 24.1 shall remain the property of the GSDMA and shall be returned (in all copies) to the Purchaser on completion of the Supplier's performance under the Contract if so required by the GSDMA.

25. Settlement of Disputes

- 25.1. GSDMA and the supplier shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.
- 25.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either GSDMA or the Supplier may give notice to the other party of its intention to commence arbitration, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given.
- (a) Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in accordance with this Clause shall be finally settled by arbitration. Arbitration may be commenced prior to or after delivery of the goods / stores / material(s) under the Contract.
- (b) Arbitration proceedings shall be conducted in accordance with the rules of procedure as stated below:
- (a) In case of Dispute or difference arising between GSDMA and the Supplier relating to any matter arising out of or connected with this agreement, such disputes or difference shall be settled in accordance with the Arbitration and Conciliation Act, 1996. The arbitral tribunal shall consist of 3 arbitrators one each to be appointed by GSDMA and the Supplier. The third Arbitrator shall be chosen by the two Arbitrators so appointed by the Parties and shall act as presiding arbitrator. In case of failure of the two arbitrators appointed by the parties to reach upon a consensus within a period of 30 days from the appointment of the arbitrator appointed subsequently, the presiding arbitrator shall be appointed by the President of the Institution of Engineers (India)
- (b) If one of the parties fails to appoint its arbitrator in pursuance of sub-clause (a) above, within thirty (30) days after receipt of the notice of the appointment of its arbitrator by the other party, then the President of the Institution of Engineers (India), shall appoint the arbitrator. A certified copy of the order of the President of the Institution of Engineers (India), making such an appointment shall be furnished to each of the parties.
- (c) Arbitration proceedings shall be held at Gandhinagar, Gujarat, India, and the language of the arbitration proceedings and that of all documents and communications between the parties shall be English.
- (d) The decision of the majority of arbitrators shall be final and binding upon both parties. The cost and expenses of Arbitration proceedings will be paid as determined by the arbitral tribunal. However, the expenses incurred by each party in connection with the preparation, presentation etc. of its proceedings as also the fees and expenses paid to the arbitrator appointed by such party or on its behalf shall be borne by each party itself.

- (e) Where the value of the contract is Rs. 10 million and below, the disputes or differences arising shall be referred to the Sole Arbitrator. The Sole Arbitrator should be appointed by agreement between the parties; failing such agreement, by the appointing authority namely the President of the Institution of Engineers (India).

25.3. Notwithstanding any reference to arbitration herein,

- (a) the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree; and
- (b) the GSDMA shall pay the Supplier any monies due to the Supplier.

26. Limitation of Liability

Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 15,

- (a) the Supplier shall not be liable to the GSDMA, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the GSDMA; and
- (b) the aggregate liability of the Supplier to GSDMA, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

27. Governing Language

The contract shall be written in English language. Subject to Clause 27, English language version of the Contract shall govern its interpretation. All correspondence and other documents pertaining to the Contract which are exchanged by the parties shall be written in the same language.

28. Applicable Law

The Contract shall be interpreted in accordance with the laws of the Union of India.

29. Notices

- 29.1. Any notice given by one party to the other pursuant to this Contract shall be sent to other party in writing or by cable, telex or facsimile and confirmed in writing to the other Party's physical addresses.
- 29.2. A notice shall be effective when delivered or on the notice's effective date, whichever is later.

30. Standard Breach Clause

The CEO, GSDMA shall, in addition to his powers under other clauses to terminate the contract, have powers to terminate his liability there under of the time by giving one month's (or such shorter period as may be mutually agreed) notice in writing to the Supplier of his desire to do so and upon expiry of the notice, the contract shall be terminated without prejudice to the right accrued to the date of the termination. However, if the Government decided to put an end to the business relations on breach of any conditions of the contract, no such notice shall be necessary and on event of Government decided to put an end to the business relations on breach of any

conditions of the contract, no such notice shall be necessary and on event of Government deciding to terminate the business, and the Supplier shall stand terminated with immediate effect.

The Bidder shall furnish documentary evidence to demonstrate that it meets the following experience requirement(s):

- (i) The bidders should be a manufacturer or authorized dealer, who have designed, manufactured, tested the equipments similar to the type specified in the 'Technical Specification' upto at least 60% of the quantity required for the lot and supplied in a single contract, in any of the last 5 financial years. The bidders are also required to submit the performance certificate of the contracts executed.
- (ii) The manufacturer should have BIS (Bureau of Indian Standards) certification or any international certification, which is equivalent or higher than the BIS certification for quality assurance.
- (iii) The Bidder shall invariably furnish the documentary evidence in support of satisfactory operation of the equipment similar to tendered item during the last 5 years prior to bid opening.
- (iv) Further, bidder should be in continuous business of manufacturing / supplying and after sale services of products similar to tendered item during the last 5 years prior to bid opening.
- (v) In case the bidders is quoting as authorized representative of a manufacturer, meeting with the above requirements in full, he can be considered provided the manufacturer furnishes authorization as per Performa in Annexure VII.
 - a. Authorized Dealer should have Manufacturer's Authorization letter (as per Annexure VII) to quote in this Tender and Manufacturer to give all Technical & Commercial support and Warranty and After Sales Services.
 - b. The Authorized Dealer should have valid Agreement with the Manufacturer and also should have Authorization from the Manufacturer effective from at least one year prior to the due date of this tender.
- (vi) The Bidder shall furnish documentary evidence that it meets the financial requirement(s) i.e. Total turnover of the bidder shall be at least INR 20,000,000/- (INR Twenty Million Only) each year during the last 3 financial years

For the purpose

The period of “**last three financial years**” shall be from 01.04.2014 to 31.03.2017 and “**last five financial years**” shall be from 01.04.2011 to 31.03.2017

SECTION - IV

TECHNICAL SPECIFICATIONS

(A) Detailed Technical Specifications:

(Schedule – 1) Technical Specifications of SEARCH and RESCUE AIRBOAT

General: The Search and Rescue Airboat (SRAB) shall be built from standard marine grade materials, and shall be specially prepared for prolonged water operations. The hull design shall accommodate minimum 10-12 person seating capacity, while also providing maximum equipment storage capabilities. It shall be approximately 6 Mtrs. in length & 2.5 Mtrs in width with an aluminum hull which has a special 3/8 inch polymer guard and is specifically designed for search and rescue operations. There shall be a provision to seat at least 10 persons on two long seats (5 each side), which shall be provided at the rear of the main operator. The operator shall be seated up front with a tiller control and instrument console. The passenger seating area shall be behind the main operator. All the seats shall be provided with good quality padding and rain covers. An enclosed hull/walk around deck shall provide a stable work platform for divers, as well as a secure patient treatment area. The boat's total carrying capacity shall be minimum 10-12 adults. Water-tight storage compartments adequate for storage of thermal imaging cameras, AED / Defibrillators and other electronic equipment required during emergencies shall be integrated into the hull's design. The SRAB shall conform to all applicable marine safety regulations, and shall be built in accordance with the airboat industry standards. The complete construction shall be of marine grade Aluminium alloy with SS hardware.

Specific Requirements Of Fire And Rescue Department: Due to the nature of the job being carried out, in an emergency situation, fire / rescue personnel may have to travel over all types of obstacles and even over dry ground to reach the location. Hence the size of the hull shall be optimized and shall not be any bigger than 2.5 Mtrs X 6Mtrs. Additional length shall be avoided since it can hamper operations and take more room to make turns and reduces the ability to travel over dry ground. If there are fast moving currents or if the boat has to be maneuvered around buildings, 6 Mtrs. is ideal. The SRAB shall be made from minimum 4mm marine grade aluminum (Gr. 5086) on the bottom and 3mm on the sides. The plates shall be robotically welded for uniformity and strength. The deck shall have a flush hatch with drip rails. The hull shall have 2"x 2" x 1/4" T-bar stringers over the entire length of the hull. There shall be floorboards to cover the stringers. There shall be 4 transom gussets inside the hull, a 10" transom tab with 4 tab gussets made from 4mm aluminum (5052 grade), and a 3" aluminum I-beam center brace. All walk surfaces shall have non-skid finish with a bright color. The hull shall have large drain plugs. The bottom shall be covered with a minimum of 9.5 mm Polymer giving added strength plus puncture resistance and a very smooth slippery surface for the hull to ride on. The polymer shall be bolted to the hull with stainless steel bolts that are counter sunk into the polymer and threaded into the hull every 125 mm square and at the seams the bolts shall be 75 mm apart for maximum holding power.

Seating: The airboat shall have in two long rows behind the front seated operator. There shall be an enclosed box under the operator's seat. Two rows of 5 man passenger seats shall be provided on either side behind the operator. Two jump seats shall be provided on either side of the operator. The seats shall be covered with marine grade vinyl seat covers / rain covers. The seat shall be made of tough fiberglass materials so that they are light in weight and absolutely corrosion proof and the frames shall be of 1inch light-weight stainless steel tubing. There shall be a front wind shield to ensure that water does not splash inside and behind the front driver. The wind shield shall cover the complete front and shall be provided with dual wipers. The passenger seating shall be sufficient to seat at least 5 persons on either side and made of stainless steel. The complete passenger area shall have an aluminum and canvas canopy for protection in rough weather.

Engine: The engine shall be multi-port, eight cylinder engine, fuel injected engine with minimum 550HP, which shall be capable of providing sufficient thrust as well as have some reserve power required for operations in faster moving currents. The engine shall be capable of running on 87 octane unleaded fuel. It shall have knock sensors which shall adjust for lower quality of fuel, automatic spark control to provide peak performance in all operating conditions, and a rev limiter to prevent the engine from over revving. The engine shall be specifically suited for airboat use and shall be fitted with a reduction gearbox as required. It will have a composite propeller which shall be correctly matched to the engine and the gearbox. The propeller shall be of carbon fiber material and shall be a 4 blade design. The engine shall have stainless steel exhaust headers, SS flex tubing, and SS chambered mufflers. All hardware and band clamps shall be of stainless steel material only.

Engine Stand: The engine stand shall be constructed of 18mm and 25mm stainless steel square tubes. It shall be built to accept the high power engine and belt reduction unit. The mounting brackets for the fuel tank, radiator, and batteries shall also be incorporated into the same stand. The stand shall be removable from the hull.

Propeller / Guard / Rudders / Controls: The airboat shall be fitted with a four blade not exceeding 2 meters composite propeller. A guard shall be provided to fit the designated propeller diameter. The propeller guard shall be made of 7/8 inch and 3/4 inch stainless steel tube. The wire on the guard shall be 50mm x 100 mm stainless steel. The Prop guard shall be separate from engine stand and shall be removable for maintenance. The rudders shall be 48" air foil aluminum rudders, foam filled. It shall have a 3/8" heavy duty cable steering. The steering handle shall have grip located on the driver's left side. Throttle pedal assembly shall be located on drivers foot stand. The throttle cable and throttle cable assembly shall be push pull type. The steering shall be provided via a push / pull cable and a left hand tiller hooked to the rudders. On the bow there shall be a grass rake provided which will help in keeping water from coming over the bow when the boat is taken from shallow water or dry ground to deep water. It also will help to get on plane when the boat is loaded and help in knocking down debris in front of the boat or aid in traveling over it.

Instrument console: A comprehensive instrument console will be provided with the following lighted marine gauges / controls / switches. All Instruments shall be mounted in an aluminum panel near operator:

- a) Tachometer
- b) Oil pressure
- c) Voltmeter
- d) Temperature gauge
- e) Fuel gauge.
- f) Marine keyed ignition switch.
- g) Black rubber booted toggle switches for navigation light and accessories.
- h) Accessory plugs mounted in the bottom of the panel.
- i) Emergency kill switch.
- j) Vinyl instrument panel cover.

Electricals: The SRAB shall be equipped with a full illumination package that features two battery operated remote control search lights, running lights, and red strobe emergency warning lights, all powered off the vessel's alternator. There shall be two batteries provided for operation of all electrical fittings. The batteries shall be encased in coast guard approved battery boxes with tie downs. There shall be a dual battery selector switch installed. All the wiring shall strictly meet marine standards.

Fuel system: The airboat shall be equipped with a 180 Ltr. fuel tank mounted on the engine stand. Fuel tank fill shall be accessible from the ground level (remote fill) and shall be constructed of 5052 grade aluminum with baffles. It shall have a fuel filter / separator and an electric fuel pump.

Bilge Pump: A 2000 GPH bilge pump with control mounted on instrument panel shall be provided for emergency water dumping duties in case of water filling up in the boat.

Cooling system: The cooling system shall comprise of an aluminium radiator, charge cooler and an oil cooler mounted on the main engine stand. The cooling system shall be specifically designed keeping in mind tropical climatic conditions and shall be effective even with ambient temperatures exceeding 45°.

Trailer: A trailer shall be provided which shall be made to specifically suit the dimensions of the Search and Rescue Airboat. This trailer shall be of the Tandem Axel type and shall be constructed keeping in mind lightness and strength. The wheels shall be of min 15" for better ground clearance while travelling off road and the axles shall be rated for at least 2 tons carrying capacity. The frame shall be of galvanized steel to prevent corrosion. The trailer shall be provided with a jack and spare tire. (Schedule – 4) Inflatable rescue boats with sled : Technical Specification:

It must be suitable for use with short shaft outboard motors of 40hp, It must have a twin keel design so that they are stable and highly maneuverable..

Without a motor fitted they should be capable of being towed or line controlled.

They should be light in weight and with low pack weight so that they can be carried by a two or three man team and compact to store and transport.

They should have Raised bow for better performance in waves and Flat fronted bow to provide easier boarding and greater interior space.

They should have a Wide beam to give excellent stability.

They should have a large flat deck (Load Floor) allowing up to 20 people or two tonne of equipment to be carried for urban or rural flood evacuation and the movement of personnel, equipment or supplies and be with Double Keel system.

It should have a flat-bottomed design and shallow draft to make the craft suitable for use in shallow waters from approximately 40cm deep (depending on the outboard engine).

Without the motor an empty Craft should float in 10 cm of water.

The flat, rigid floor should be inflatable and comfortable, dry and stable platform for passengers, while the inflatable sides should provide a reassuring support to lean against.

They should be provided with Integral transom with non-return drain port and towing ‘u’ bolts.

They should be capable of being inflated by BA cylinder & regulator, electric inflater or foot pump.

They should be Puncture and cut resistant.

The Towable Water Rescue Sled should have an inflatable floor constructed from an upper and lower surface of double skinned Poly-chloroprene coated Polyester fabric spaced apart in such a way as to maintain a constant distance between surfaces. The buoyancy tube should be constructed from Hypalon coated Polyester.

The Towable Water Rescue Sled shall be sturdy though not very heavy in weight and portable, both when inflated and deflated. The weight should not be more than 38kgs. They should be capable of 1000 kgs weight capacity. They should be capable of accommodating min 10 persons.

The Towable Water Rescue Sled should be easy to manoeuvre, and should be easily paddled, pulled by hand, or towed by a jet ski, boat. The length should not exceed beyond 400 cms and width should not be more 190cms and the height should not exceed 56 cms.

The Towable Water Rescue Sled should have a flat bottom, making it exceptionally stable and suitable for use in very shallow water (from only 20cm), making it perfect for help in flood rescue.

It should have a low open stern for easy access and be fitted with boarding handles to assist with recovery of casualties from the water.

The Water Rescue Sled should be designed such that to increase capacity, sleds can be linked together.
