PREFACE

GETCO'S "Robust" Disaster Management Plan:

- We at GETCO, with wide spread network of EHT S/S & lines through out the state, all in different geographical terrain ranging from longest sea coast to largest desert and highest danger range of seismic zone, has inbuilt & inherent capacity & capability to meet with any extreme hostilities paused by cyclone, flood, pollution, earthquake etc. Historical data speaks of speedy & effective deployment of man, material tool-tackles, motor pump sets, DG sets etc to restore the power supply immediately in affected areas before the affected people can dream of.
- It is all thanks to dedicated, sincere & ruthless non-stop round the clock working of all Technical staff & engineers, Contractors, & top officials including Chairman. It is also a matter of great proud that all such eventualities had been handled successfully & safely without any accident, in close co-ordination with state / local Govt. authorities.
- GETCO management believes that the time has come for a paradigm shift in disaster management from a 'relief-centric' and 'post event response' to a regime that lays greater emphasis on preparedness, prevention and mitigation.
- GETCO management ensures a credible system of reaching out to the people. Each zonal level disaster management plan has been set up with state –of the – art equipment, and mobility facilities. Recalling the tradition of administrative response to disaster, there is need to further strengthen and empower local administration with information, experience, logistics and other support in dealing with disasters.
- The GETCO management has put in place a dedicated an exclusive mechanism at all levels – to engage in a holistic, integrated and continuous manner with the process of disaster management.

- Based on our past experience & as per the Central/State Govt. guide lines issued on Crisis & Disaster management plan for power sector, we had prepared & compiled various complied Blue Book comprising of various 35 sections for all the 3 TR Zones viz. Gondal, Mehsana & Bharuch. For effectively & efficiently dealing with Disaster.
- Hope this document will be found helpful in mitigating miseries of millions who unfortunately have to face vagaries of nature & other disasters.

The following points shall be implemented as a part of disaster preparedness:

(1) The officers and staff of the nodal sub-stations shall be well aware with the disaster preparedness and they shall be ready for their duties, at any time.
(2) The remaining staff shall also be informed for the disaster awareness preparedness and they shall be ready for their duties, at any time.
(3) All staff shall remain present in headquarter and not to proceed on leave during the monsoon period, without prior approval of competent authority.
(4) The DG set trial shall be taken every week and ensure for sufficient quantity of diesel / fuel.
(5) The water pump set shall be in working condition and weekly test of the same to be taken.
(6) The communication system i.e. P&T phone / PLCC / Wireless / Mobile shall be fully in working condition. Where the battery charging is required, it shall be charged regularly.
(7) All vehicle either company's or rental basis shall be made available.
(8) Portable Inflatable Emergency Lightning System made available at respective site shall be tested every Monday and ensure their proper working.
(9) Emergency light, torch light shall be kept ready.
(10) Safety equipments and First Aid box shall be made available at each sub-station.
(11) All vehicles shall be well maintained and ensured in operative condition.
(12) All agency for electrical, civil and transformer's repairer shall be informed to be ready for any emergency.
(13) All cable jointing kit agencies shall be informed to be ready for any emergency.
(14) The rain coat & gum boot shall be made available.
