

DISASTER MANAGEMENT PLAN 2026

MADHYA GUJARAT VIJ COMPANY LIMITED

Regd. & Corp. Office: Sardar Patel Vidyut Bhavan, Race Course, Vadodara - 390007

Tele: (0265) 2310582 to 86, FAX: 0265 - 2337918 / 2338164

E-mail: support.mgvcl@gebmail.com Web site: www.mgvcl.com

CIN No.U40102GJ2003GCO42907

Introduction:-

MGVCL is the state owned A+ rated, Power Distribution Company and wholly subsidiary of the Gujarat Urja Vikas Nigam Limited.

MGVCL supplies Electricity to the consumers of 08 districts of central area of Gujarat viz. Ahmedabad, Anand, Chhotaudepur, Dahod, Kheda, Mahisagar, Panchmahal & Vadodara covering 50 Talukas.

Area map of MGVCL

Heavy rain due to cyclonic effect during the year 2025:

During 2025,

Poles HT Line, LT Line, T/C damaged occurred during 2025 is as under:

- H.T. Line : 162 KM
- L.T Line : 178 KM
- Poles : 5861 Nos.

Assessment of damage to the network and Deployment of Men & Material during year 2025

In MGVCL ,during 2025 total 1677 Nos. of feeders were affected & 4836 Nos. of villages were affected during heavy Rain fall, Under this situation, MGVCL field offices staffs were rushed to affected areas for restoration of power supply on war foot basis.

The damage expenditure was occurred RS. 1191.20 Lacs.

Action Plan: Monsoon 2026 - Disaster Preparedness thereof

- Round the clock control-room will be made, operative from **01-06-2026** or onset of monsoon whichever is earlier at Circle level as well as Corporate Office. List of Phone Number/Mobile Number of all Field Offices and In-charge Officer with contact number of concern Officers and contractors are being prepared and kept ready and circulated to concern as well as to District & Taluka H.Q. authority.
- All key materials like line materials, poles & transformers etc. are kept at Sub division H.Q. as well as in Divisional stores to meet all type of failure & break-down.
- All control rooms are kept ready with communication system.
- Map showing Feeder details and other relevant details are made available at control room.
- List showing type of Vehicle available at Sub division and Division level for transportation of material and man power is kept ready and circulated to concern for immediate movement. At the same time, vehicle in working condition with driver made available to rush for the job during emergency. Also, if required, a vehicle / crane be hired on daily basis and necessary approval, if required, be obtained.
- Day to day monitoring of important events, like accident or failure of equipment, major line failure, water logging etc. and are to be reported to Corporate / disaster control room during monsoon period.
- The list of contractors & skilled workers with telephone & Mobile number conversant with distribution line work is kept ready with all the Offices in the field.
- During the disaster situation, no leave shall be sanctioned to any of the staff in the field offices and also not allowed to leave HQ.

Detail Action plan: Monsoon 2026 – Disaster preparedness thereof.

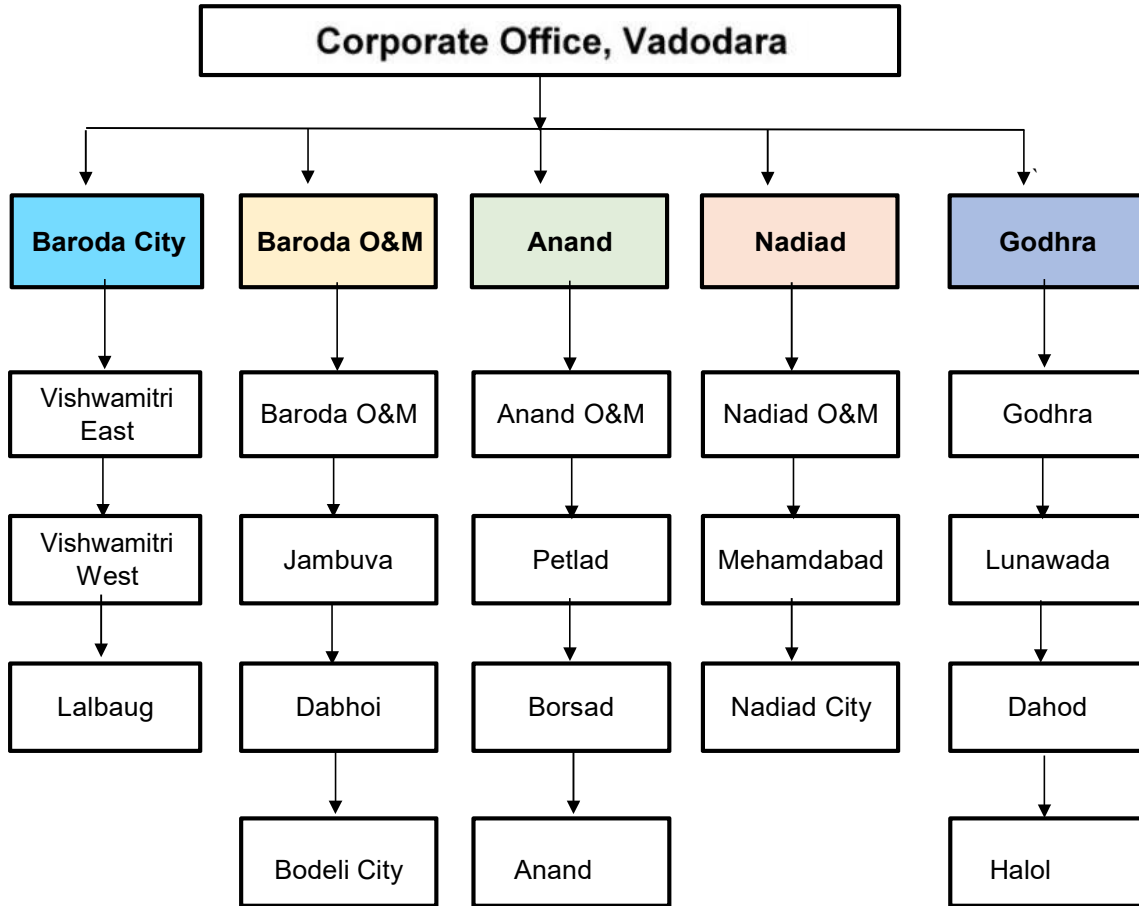

As a part of disaster, management following points is to be considered during monsoon – 2026.

- As per present practice and directive of GUVNL control room will start functioning round the clock. Each circle will nominate Nodal Officer. The Nodal Officer will remain in touch with Department / District administration.
- Superintending Engineer will monitor the situation of the affected area and arrange all the necessities.
- The names of the Officers & their Telephone numbers, Mobile numbers are given to the District Collector,)
- All the key materials are kept ready including poles at Sub Division Site to carry out the emergency work. At the same time, vehicle in working condition with driver must be available to rush for the job during emergency.
- Also, if required, a vehicle /crane will to be hired on daily wage basis after obtaining necessary approval from competent Authority.
- All the sub divisional heads will ensure that LT Dist. Box must be placed at proper height so that due to heavy flood, or water logging, short circuits and damages can be avoided.
- Names and designations of the Engineers with telephone numbers/mobile numbers are furnished to Corporate Office.
- As soon as the cyclone / flood is forecasted and message is conveyed that heavy rains / heavy flood is going to strike, in that case, pre-cautionary measures to be taken to Switch Off the feeders of that area to avoid damages to equipment's and lines as well as to human beings.
- The Survey Report of affected areas & probable work involved, may be got survey and ad-hoc report be sent by all the Circle Office, to have a handy picture of the disaster at a glance so as to furnish the same to higher authorities.
- Departmental and contractor's team shall be formed along with name of team leader.
- All Hospitals, Railways, Telephone Offices, Government Offices etc. must be given top

most priority in attending any fault on account of failure of power supply due to interruption. The concerned line staff of the respective areas shall be given specific instruction to attend such complaints on top priority basis.

- All the Sub-Divisional Heads will ensure that Distribution Transformers must be placed at the proper height so as to avoid getting them submerged during the flood situation.
- All line staffs are well trained and equipped with safety tools to prevent electrical accidents as far as possible to the major extent to any animal or human outsider
- Looking to the last flood situation, where the PSC / Girder poles had fallen due to high intensity of wind or rain water flow, the same locations / pockets of each line to be identified and strengthen the same by concreting and mugging.
- Due to heavy rains and storms, if power lines are interrupted due to the tree falling of the Forest Department, concerned Range Forest Officer or the Divisional Forest Officers should be intimated for cutting of the tree / tree branches for restoration of power supply on war foot basis.
- All the Divisional Stores and RSO will work round the clock for issuing the materials in emergency if required, keeping their truck / vehicle ready with driver for dispatching the required materials upon call at site.
- The control room staff shall be in continuous touch with State Disaster Management Emergency Operation Centre, District EOC, Weather Department, and Central Water Department etc.
